Company Profile

Description	: Nova Rahmad Abadi is a culinary company that was established in 2018, and in 2022 we are developing our business as a Mangrove Coffee Producer. Mucrova Mangrove Coffee bridges Coffee Farmers and Mangrove Fruit Farmers to get more income. Mucrova Mangrove Coffee consists of Robusta Coffee Beans and Rhizophora Mucronata Mangrove Fruit. Mucrova Mangrove coffee gives a fragrance and taste that is different from coffee in general, the mangrove fruit itself has a unique taste and distinctive fragrance. Mangrove fruit has an astringent taste and smell that makes Mucrova different from the others. Mangrove fruit which is rich in carbohydrates makes Mucrova mangrove coffee a coffee that is friendly to stomach acid because the carbohydrates in the mangrove fruit are able to suppress the caffeine present in the coffee beans. Credibility and trust are our principles to ensure the highest quality Coffee Beans and Mangrove Fruit.
