### Company Profile

Description	: Founded in 2023 in Surabaya, East Java, CV. Zenvid Multi Collab is a factory-direct manufacturer and exporter of premium coconut shell charcoal. Indonesia supplies 85% of the world's coconut shells, and we transform this abundant natural resource into high-performance charcoal for global markets. Unlike traders, we control 100% of our production chain. From sourcing mature coconut shells from local farmers to final QC packing, every cube is made in house. This means consistent ash < 2.5%, burn time 90-120 mins, and zero compromise on quality.
