Company Profile

Description	: PT Dama Putra Sejahtera always makes innovations. Since 2012 we have produced meat floss for all age taste of food, to meet the needs of family health and nutrition. The standard is strictly maintained by processing fresh ingredients. Started from producing only three variants of chicken floss, tuna floss and beef floss, then developed into vegetarian floss, we optimise the natural resources around the production house that have not been optimised for use, such as banana blossoms, kluwih, and jack beans. Daun Emas is constantly experimenting to provide more diverse options. The need for practical healthy side dishes, but worries about unhealthy junk food side dishes, abundant natural wealth around the production house, and a large number of workers, especially women around the production house, are the things that underlie the establishment of our business, which has the Daun Emas brand. In February 2022, Abon Daun Emas had a business license in the form of an Individual PT with the name PT DAMA PUTRA SEJAHTERA. Empowering housewives, Daun Emas kitchen is always full of activities. Tirelessly, Daun Emas continues to explore the possibility of eliminating leftover production by processing leftovers into products with selling value. Apart from that, Daun Emas is able to synergize and play an active role with the Maju Jaya Farmer Women's Group in her village. All for the sake of a healthier and more nutritious Indonesian family life.
