Company Profile

Description	: PT Sinergi Brebes Inovatif is a company owned and managed by a farmer group, focusing on processing shallots into products such as Shallot Paste, Fried Shallots, and Crispy Shallots. Established in 2018, it was founded in response to the price fluctuations of shallots during harvest season, where prices would often drop significantly. To address this issue, we began producing processed shallot products to provide added value for farmers and increase the selling price of shallots.
