Company Profile

Description	: Jamisch & Marmel's is a multi-creation homemade Jam. It is made from premium fruits and processed through natural preservation without chemical addition. It is also free from artificial coloring. Our jam is loved by children and also adults. Jamisch & Marmel's jam is made from 100% real fruit without artificial flavor. It is like having a real fruit in every spread. Most of the best seller products are products produced by local farmers, such as Strawberry from Lembang and Pineapple from Lampung. Because we care about the environment, we recycle our fruit peel waste into eco enzymes. This eco enzyme is then processed into an environmentally friendly cleaning soap.
